33 Open

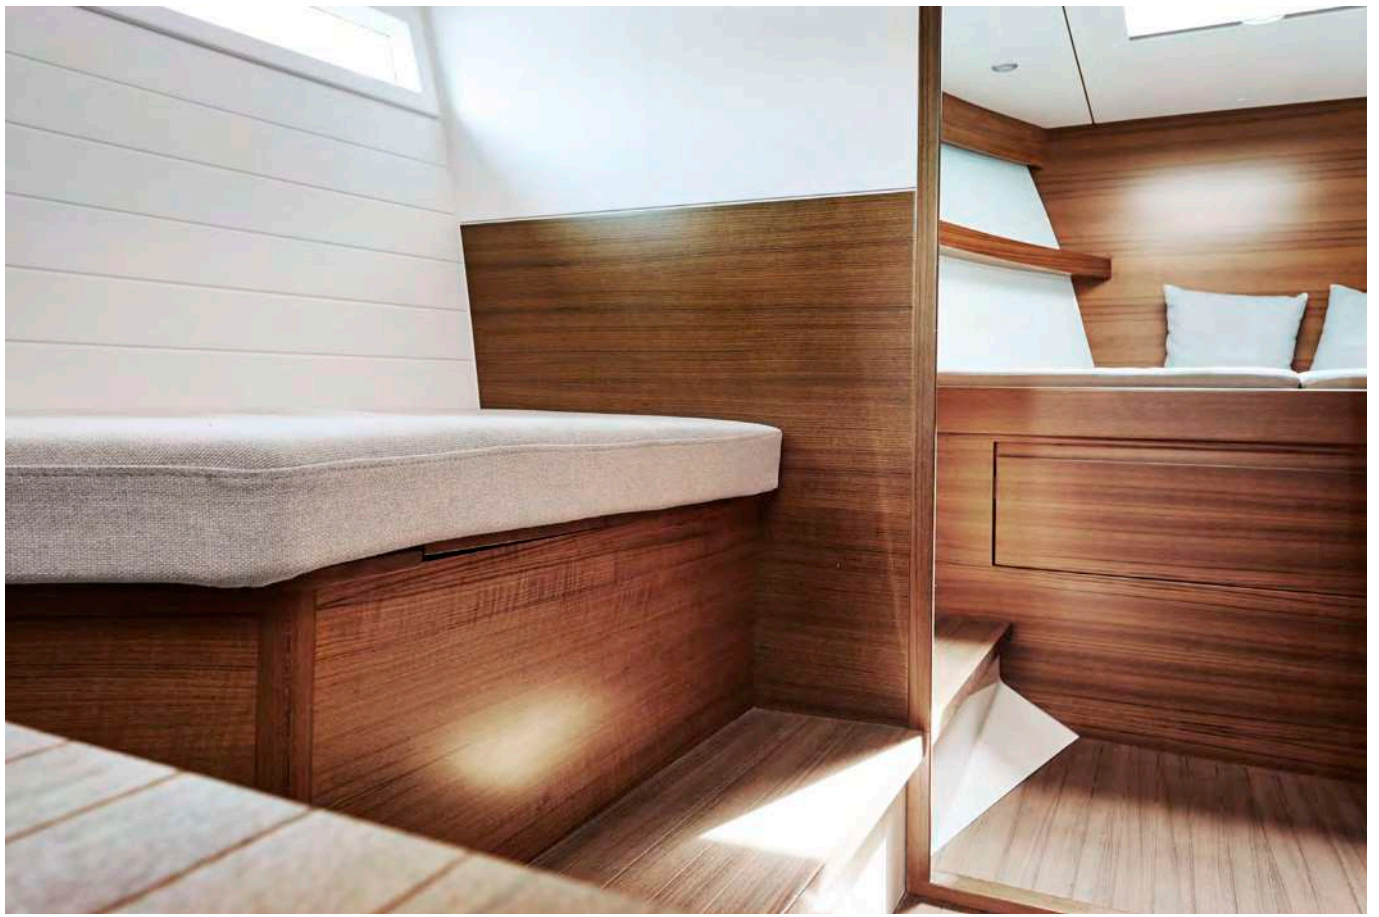
delta POWERBOATS

Concept

Developed in collaboration with award-winning designer Ted Mannerfelt, Delta 33 Open proposes a spacious daycruiser that benefits from the most modern design trends, advanced technologies and efficient hydrodynamics. A fuel economic and responsive powerboat that stands out with its clever use of spaces, high-end finishes and exclusive details. She can accomodate four people in two cabins and is fully equipped for both day cruising and family holidays.

The twin-stepped air supported v-hull effectively reduces drag and is paired with either single or twin Volvo Penta diesel engines for class leading fuel economy and speeds over 45 knots.

Interior



ABOVE: REST AREA WITH OWNER'S CABIN FORWARD. RIGHT: OWNER'S CABIN.

LEFT: OWNER'S CABIN WARDROBE AND CABINETS. ABOVE: GUEST'S DOUBLE BED AFT.

Interior

BATHROOM WITH DURAVIT BY PHILIPPE STARCK BASIN AND VOLA BY ARNE JACOBSEN FITTINGS

Specifications

Technical data

L.O.A	11,0M | 35.5FT
BEAM	3,10M | 10.3FT
DISPLACEMENT	3,800KG
MAXIMAL LOAD	5,500 (K
FUEL CAPACITY	550-800 | 145 US gal
FRESH WATER CAPACITY	150L
HOLDING TANK	60L
FUEL ECONOMY (30KTS, D6 400)	1,6-1,8L/NN
CRUISING SPEED	30KTS
DESIGN	TED MANNERFELT
BUILDER	LUKSUSBAHT AS
ELECTRICITY	MASTERVOLT

Engines

1 X VOLVO PENTA D6 400HP
2 X VOLVO PENTA D3 220HP
2 X VOLVO PENTA D4 300HP

Construction

HULL, SUPERSTRUCTURE AND BULKHEADS:

DIAB CORE INFUSION VINYLESTER /DIVINYCELL

WITH CARBONFIBER REINFORCED STRINGERS

Standard equipment

ACCESSORY PLUG USB – 2 PCS
ANCHOR STORAGE BOW
AUTOMATIC FIRE EXTINGUISHING SYSTEM ENGINE ROOM
BATTERIES 4X 90AH AGM MASTERVOLT
