Description

2017 DELTA 54 CARBON "NORSEMAN"

The only late model Delta 54 Carbon available in the USA.

Constructed in carbon fiber, the 54 Carbon performs like a ski boat, with smooth, responsive steering and super tight turns. With her signature styling, the 54 turns heads both at sea and on the docks.

The 54's versatile exterior perfectly complements her distinctly Scandinavian, impeccably finished interior.

**Small trades considered, financing options available.*

The Carbon Revolution:

In 2002, Delta Powerboats was founded in Stockholm, Sweden. Since then, the shipyard has delivered 600+ boats between 25 and 88 feet to proud new owners all around the globe.

In 2010, Delta Powerboats was the first motor yacht shipyard to produce carbon fiber boats at a large scale. Today, the Carbon Series includes the 60 Open, the 88 Carbon, and the hottest selling model worldwide, the 54 Carbon.
